

Product Group: Steel Wheels

Bulletin No: 96

NEW CSA RANGER BLACK WHEELS

Mullins Wheels has added two new CSA Ranger Black Steel Wheel part numbers to their range.

Both of these wheels have the Toyota 5/150 Bolt Pattern.

360-660P00-515B:

This wheel suits Toyota L/C 70, 78 and 79 Series and Toyota L/C 100 Series (not IFS).

Note: Also available in white

360-680N14-515B:

This wheel suits Toyota L/C 70, 78 and 79 Series and Toyota Landcruiser 78 & 79 Series (not LC70) and Toyota Landcruiser 100 Series (not IFS). *Note: Also available in white*

MINE SPEC

ALL CSA 16" STEEL WHEELS ARE MINE SPEC

Note: Mullins have upgraded all of their CSA 16" Ranger White & Black Steel Wheels, including these two new part numbers, so that they are now rated with a Maximum Wheel Load suitable for mine specified vehicle applications.

Note: Vehicle operators must legally ensure that maximum axle load capacities are not exceeded
